Our Vision

Safety is our number one core value. We are uncompromising in our commitment to the health and safety of our employees, subcontractors, customers, and community. We will continually improve our processes, demonstrate leadership, and promote comprehensive safety. We will require individual accountability, expect all employees to adhere to our safety standards, and actively participate in and support the advancement of our health and safety practices. Everyone within the business is responsible for achieving zero accidents resulting in a SAFE day, a SAFE tomorrow, a SAFE year, and a SAFE career.

Providing safety leadership is a fundamental part of our business and we will require individual accountability. We also recognise:

- our duty to co-operate and work with other employers when we work at premises or sites under their control to ensure the continued health and safety of all those at work; and
- our duty to co-operate and work with other employers and their workers, when their workers come onto our premises or sites to do work for us, to ensure the health and safety of everyone at work.

To help achieve our objectives and ensure our employees recognise their duties under health and safety legislation whilst at work, we will also inform them of their duty to take reasonable care for themselves and for others who might be affected by their activities. We achieve this by explaining their duty and setting out our company health and safety rules in an Employee Safety Handbook which is made available to every worker employed by us.
